

Congratulations to the following 11th graders who were inducted into CSP's National Honor Society on February 18th. These students have all earned a cumulative GPA of a 3.5 or higher and exhibit the four pillars of the National Honor Society: Service, Scholarship, Leadership, and Character. We look forward to working with the new inductees as we begin our service project with the Lukemia Foundation.

A special thank you to Mr. Frank Pagan, our guest speaker, who left our students with ways in which they can continue to live by the four pillars well past National Honor society, into the work world.
